

**“Oat Scoop” newsletter catches up with Dr. Jennifer Mitchell Fetch**

One great way of keeping up with the larger oat community is to read the “Oat Scoop” newsletter, sponsored by POGA and written by Jack Dawes. The [November, 2014, issue](#) contains two stories featuring our own Dr. Jennifer Mitchell Fetch, oat breeder at AAFC in Brandon, Manitoba. One describes a new oat bred specifically for the organic market and the other describes some of the pitfalls of breeding oats in Manitoba!
